

Social Media and Online Safety

Presented by Melissa Bruns

Program Director
Hope Harbor

Adults and teens alike find social media an essential part of their daily life, with plenty of good things as well as potential dangers that should be avoided.

Join **Ellsworth Public School** and **Hope Harbor** as we start a dialogue about safe practices in both our public and private online spaces.

The Social Media and Online Safety Sessions will bring both education and awareness to students, teachers, parents and caregivers in an effort to maintain our security and privacy in the digital world today.

Social Media and Online Safety
Monday, December 4th 2017

TIME – 7:00 pm
